Declaration of Interdependence

*We envision a new sector of the economy
which harnesses the power of private enterprise to create public benefits.
This sector is comprised of a new type of corporation — the B Corporation —
which is purpose-driven and creates benefits for all stakeholders, not just shareholders.*

A number of the emerging actors and entrepreneurs who envision a B Corporation.

We hold these truths to be self-evident:

That we must be the change we seek in the world.

That all human rights to be understood as of people and place national.

*That, through their products, practices, and profits, businesses should aspire to
do no harm and benefit all.*

*To do so, requires that we act with the understanding that we are each dependent
upon another and thus responsible for each other and future generations.*
